

Tales from Inside the Boerarium, Science Fiction, 2007, 192 pages, A. K. Otterness, 0977294579, 9780977294572, Maerska Publishing, 2007

Tales from Inside The Boerarium collects for the first time, in two volumes, the strange and disparate worlds of A.K. Otterness. In a Universe where alternate realities exist in mad profusion, and mankind has spread his terms of engagement beyond the boundaries of the known, Otterness has tracked down these pixelated stories of future inhabitants and transcribed them backward in time to our disturbingly technocratic present. Volume I includes a new foreward by Aegon Specktowsky and 10 riveting short stories by Otterness, including: Plantaddict, The Blue, Integrand, FogFascists, Boerarium, EggCreator, and The Klotho Trigger. Vol. IX in the Machine-Humanist Library. "A hypercube of Ruckerian, Strugatsky-ite dimensions." - Jim Widderly, Eldritch's Sci-Fi Review "I had to regress my age to sixteen years old, reading Ray Bradbury's The Martian Chronicles late at night. Then I blinked out of existence." - Kiro Shenzhen, Manga-T Books "Awesome... puts the pure Pulp back in Pulp Science Fiction!" - Robert A. Stirling, The Bookian Reviews
